

InfoSafe USB 2.0 Dual 3.5" SATA JBOD Enclosure

StarTech ID: SAT3520U2

Supporting the latest generation of hard drive storage up to Terabyte (1TB) SATA hard drives, the SAT3520U2 InfoSafe USB 2.0 Dual 3.5" SATA JBOD hard drive enclosure is a perfect solution for applications requiring enhanced add-on storage capacity. It allows two 3.5" drives to be installed within the enclosure for operation as two distinct drives or as one large (concatenated) drive up to 2 Terabytes capacity.

Using Terabyte hard drives? Don't expose your Hard Drive and valuable data to unnecessary heat!

The SAT3520U2 includes a built-in 50mm fan that re-distributes the heat build-up generated as a result of typical drive operation. This feature is especially important for larger volume storage (750GB, 1TB hard drives), and faster 'spinning' drives (i.e 7200 RPM), as it can help optimize drive operability and in turn preserve stored data integrity.

Perfect for professional, small and home office environments, the SAT3520U2 offers quick backups or file transfers of large multimedia files or databases.

Applications and Solutions

> Ideal for users who work with large multimedia files or databases, and need to expand external storage capacities.

The StarTech.com

Advantage:**Support and Resources:** Single point of contact for all your questions; exclusive online tools and free live technical support**Save Time Sourcing:** A complete selection of high-demand and hard-to-find products from one vendor**Best Value:** StarTech.com products offer the best combination of features and price**Exclusive Resources:** Complete product information and tools available at www.startech.com

- > Share and synchronize important files and applications between computers
- > Easy add-on storage - perfect for home or office environment

Features

- > Supports most 3.5" SATA I/II HDD hard drives up to 1 Terabyte per drive bay (2 Terabytes)
- > Hot swappable with USB plug and play interface
- > Easy installation and set up in minutes
- > Backward compatible with USB version 1.1
- > Easily configured for drives to operate under JBOD mode, or BIG mode (concatenated)
- > BIG Mode functionality allows combined storage capacity of two hard drives

Specifications

- > Color Silver
- > Connector Types 1 - USB B Male
- > Product Height 2.95 in [75 mm]
- > Product Length 7.83 in [199 mm]
- > Carton Quantity 6
- > Shipping (Package) Weight 4.11 lb [1.86 kg]
- > Product Weight 2.22 lb [1 kg]
- > Product Width 2.91 in [74 mm]
- > General Specifications On/Off Power Button
- > General Specifications Supports JBOD & BIG mode
- > Material Aluminum with plastic front panel
- > Fan Internal 50mm
- > Power 12V DC 4.2Amp
- > Drive Size Supports up to 1 TB hard drives per drive bay for brands except Hitachi
- > OS Support
 Windows 2000/MI/XP/Vista
 MAC OS X & Above; Linux 2.4.1.0 & Above
- > 3 LED's Power, HD1 Activity, HD2 Activity
